

FIREFIGHTERS WITH PTSD

Serving first responders & veterans with PTSD

Who Are We?

Our Mission Statement

Firefighters With PTSD proudly serves all first responders and veterans suffering from PTSD. We raise, train and place both service and therapy dogs with first responders and veterans dealing with PTSD. We also provide training workshops regarding PTSD. We serve all first responders and veterans with honor and dignity.

Founded

Firefighters With PTSD was founded by Matt Doughty in 2016 when he wanted to help first responders, like himself, fill the gap in relation to access and resources. Firefighters, like himself, fill the gap

in relation to access and resources for these brave men and women suffering from PTSD. Firefighters With PTSD was filed as a 501(c)3 non profit organization in October of 2018 and the process was finalized in June 2019.

Our Focus

Firefighters with PTSD has 3 focused areas of service:

- Service Dogs. We breed, raise and train service, therapy and emotional support dogs for first responders and veterans with PTSD.
- Advocacy. We advocate for better mental wellness training, benefits and treatments for first responders and veterans in all 50 states
- Awareness. Raising awareness of PTSD in our first responders and veterans. We do this through events, conversations and bringing our dogs out into the community.
